Candlestick mini atlas 1

Pattern geometry and interpretation | synthetic OHLC

Doji

Open and close equal or nearly equal; indecision is contextual.

Marubozu

Long body with minimal wicks; strong move in the observed bar.

Spinning top

Small body relative to wicks; not directional alone.

Hammer

Long lower wick after a decline; confirmation is needed.

Hanging man

Same geometry as hammer, after an advance.

Inverted hammer

Long upper wick after decline; subsequent price action matters.
